PPM+ Mobile App: Phase 2

Applies to: All Users

We have introduced viewing and sorting from the ward view in the PPM+ Mobile app. The ward list will now include eObs data, NEWS Score, frequency of obs and time next obs due.

The screenshot shows the 'Ward View' screen in the PPM+ mobile app. It displays a list of patients with their names, room numbers, and various clinical data points. The list is sorted by bed number. The data includes patient names, room numbers, gender, date of birth, and clinical indicators like 'Overdue', '50m', '5P (0)', '10P', '35m', '38m', '55m', and '8P (5)'. The text 'Interventions required' is highlighted in orange for several patients.
