Barretts Oesophagus eForm

Applies to: All Users

We have introduced a new *Barretts Oesophagus* eForm into PPM+:

Barretts Oesophagus

TRAINING, Stuart

Born 01-Jan-1987 (32y)

Gender Male

NHS number 9401952426

Address St. James's Universi, Beckett Street, Leeds, LS9 7TF

PAS number 0030646

Histology *

- ☒ Non-Dysplastic - Gastric Metaplasia
- ☐ Non-Dysplastic - 1-2.9cm Intestinal Metaplasia
- ☐ Non-Dysplastic - >=3cm Intestinal Metaplasia
- ☐ Indefinite
- ☐ Low Grade Dysplasia - Index OGD
- ☐ Low Grade Dysplasia at Index & Low Grade Dysplasia at 6 Month Surveillance
- ☐ HGD
- ☐ Cancer

Has the clinician requested an annual test? *

Dispersal *

- ☒ On Going Surveillance
- ☐ Discharge
- ☐ MDT
- ☐ Other

Patient Contact Method *

- ☐ Letter
- ☒ Phone Call

Submit

Remember, you can add clinical documents to a patient's record through the **Add ▾** button in the Single Patient View or the **▾** in the *Action* column on the Ward Patient List.

Specialist Referrals for Further Teams

Applies to: Pilot Users

We have expanded the Specialist Referral functionality to include Podiatry, Heart Failure Service and Diabetic Limb Salvage Service:

Specialist Referral

TRAINING, Stuart (Mr)

Born 01-Jan-1987 (32y)

Gender Male

NHS No. 940 195 2426

Address St. James's Universi Beckett Street Leeds LS9 7TF

Phone 0113 24 33144

PAS No. 0030646

NO

YES

Podiatry

Please Note

Do not use this e-form for patients with a diabetic foot ulcer. Please refer to Diabetes Limb Salvage Service MDT (IP)

Do not refer for simple nail care as this will not be completed by the Podiatrist

*Is this an urgent referral?

i.e. regarding infection / necrosis / neglect / ingrowing toe nails

Yes

No

*Does the patient have an active foot ulcer?

Yes

No

*Patient co-morbidities

☒ Peripheral vascular disease

☐ Rheumatological disorder

☐ Cancer

*Medication

☒ Anticoagulants

☐ Immunosuppression

☐ Chemotherapy

☒ Steroids

Cancel

Last updated: 17/04/2019

Infection Prevention Risk Assessment Improvements

Applies to: All Users

Based on clinical feedback from a pilot, we have improved the *Infection Prevention Risk Assessment* prior to trust wide rollout:

Infection Prevention Risk Assessment

TRAINING, Stuart (Mr)

Born 01-Jan-1987 (32y)

Gender Male

NHS No. 940 195 2426

Address St. James's Universi Beckett Street Leeds LS9 7TF

Phone 0113 24 33144

PAS No. 0030646

*Type of admission

Acute

Elective

Women's/Maternity

Acute admission to Critical Care

Please Note

- ALL patients to be screened for MRSA (nose, axilla, groin and any other appropriate sites including patients transferred from critical care unless screened in the previous 72 hours)

*Previous MRSA?

Yes

No

*From a nursing or residential home?

Yes

No

*Lived abroad or been in hospital abroad in the past 12 months?

Yes

No

*Is the patient having an implant?

Yes

No

*Patient has/having central venous access device (short/long term)

Yes

No

Action required

- Decolonisation course (unless decolonisation completed in last 2 weeks)
- Isolate patient (unless 3 negative screening sets since last positive result)

Cancel

Unsaved changes

Submit

Remember, you can add clinical documents to a patient's record through the  button in the Single Patient View or the  in the *Action* column on the Ward Patient List.

CNS Consultation for Oncology

Applies to: All Users

Based on clinical feedback, we have improved the *CNS Consultation* for Oncology:

CNS Consultation

TRAINING, Stuart (Mr)

Born 01-Jan-1987 (32y)

Gender Male

NHS No. 940 195 2426

Address St. James's Universi Beckett Street Leeds LS9 7TF

Phone 0113 24 33144

PAS No. 0030646

BMJ Best Practice

Applies to: All Users

The image shows a screenshot of the PPM+ web application interface. At the top, there is a blue header bar with the 'ppm+' logo on the left, a 'Patient' dropdown menu in the center, and an 'Advanced Search' button on the right. Below the header, the main content area has a light blue background. On the left side, there is a vertical menu with various options. A green arrow points to the 'BMJ Best Practice' link, which is located between 'Internal Systems' and 'Leeds Health Pathways'. The main text on the right side of the image reads: 'Did you know you can access to the BMJ webpage in PPM+?'. Below this, it says: 'In the action bar on the left of PPM+ home page please select BMJ Best Practice link.' Further down, it states: 'BMJ Best Practice is a point of care tool that draws on the latest evidence-based research to offer step-by-step guidance on diagnosis, prognosis, treatment and prevention is updated daily using robust evidence based methodology and expert opinion'. At the bottom of the image, there is a photograph of a pair of black-rimmed glasses resting on a laptop screen.

Did you know you can access to the BMJ webpage in PPM+?

In the action bar on the left of PPM+ home page please select BMJ Best Practice link.

BMJ Best Practice is a point of care tool that draws on the latest evidence-based research to offer step-by-step guidance on diagnosis, prognosis, treatment and prevention is updated daily using robust evidence based methodology and expert opinion

General Practice Tab Improvements

Applies to: All Users

The General Practice Tab for patients registered with a Leeds practice has been enhanced through a change in provider. The technology to provide GP data into PPM+/Leeds Care Record is now supplied by NHS Digital's GP Connect.

Leeds is a first of type for this national initiative and through previous clinical engagement; it has determined that the GP Connect product is richer in content than the previous product used. Additional features include linking medication to problems and encounters, as well as improved performance.

[Click here for a full guide on the GP improvements.](#)

Clinical Note Improvements

Applies to: All Users

Based on clinical feedback we have introduced new Professions into the *Clinical Note* and the option to  in the bottom-right:
