Community Tab Improvements

Applies to: All Users

The *Community* tab will now be displayed in the single patient view when a patient has a current (active) involvement with Leeds Community Healthcare NHS Trust **or** has had previous involvement. This change allows health and care staff to view previous community involvement since 2009.

Clicking on the tab will present a patient summary from the community's system (SystmOne). Use the left-hand actions panel to view additional shared information from Leeds Community Healthcare NHS Trust.
