COVID-19 Discharge Form

Applies to: All Users

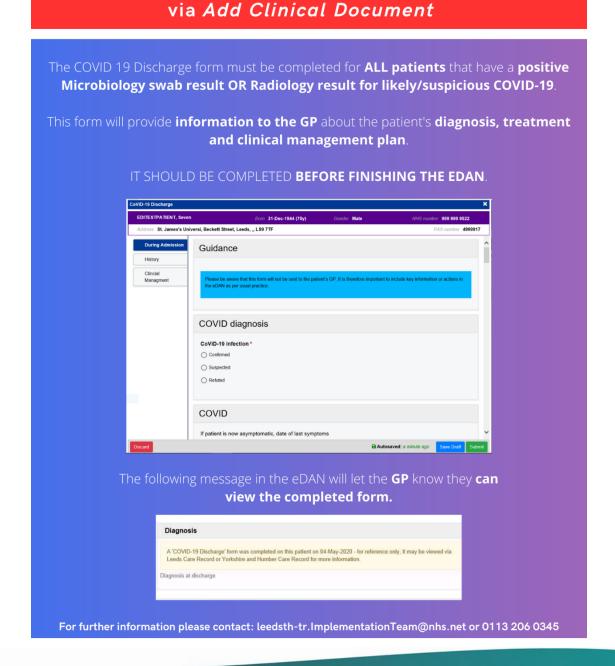

The COVID-19 Discharge form must be completed on **ALL patients** that have a positive Microbiology swab result OR Radiology result for likely/suspicious COVID-19.

This form will provide GP's with information regarding the patient's diagnosis, treatment, and clinical management plan. The form **must** be completed before the eDAN is finalised.

If the patient is not known to a Leeds based GP this form must be sent along with the eDAN.

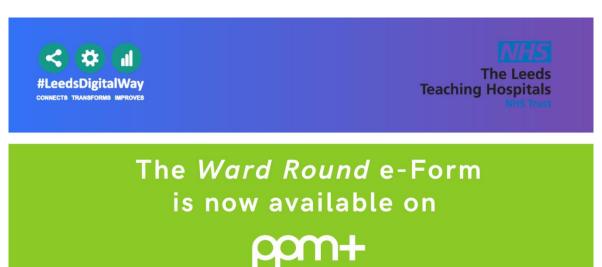

The CoVID-19 Discharge form is now available on pm+

Ward Round Form

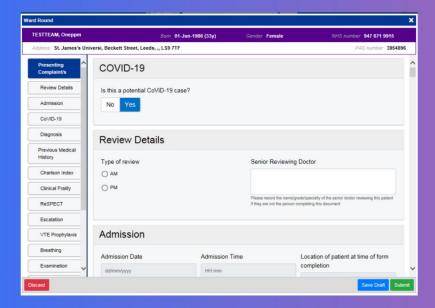

Applies to: All Users

A new ward round eForm is now available in PPM+ via Add Clinical Document. This form is designed to allow structured, consistent documentation of ward round entries for both Covid-19 positive and non-Covid-19 patients. It is for use by clinical teams working in non-critical care areas.

This form is designed to allow structured, consistent documentation of ward round entries for both <u>Covid-19 and non-Covid patients</u>. It is for use by clinical teams working in non-critical care ward areas, and complements the existing critical care and focussed assessment forms.

via Add Clinical Document

The completed *Ward Round* form can be viewed in the *Single Patient View*.

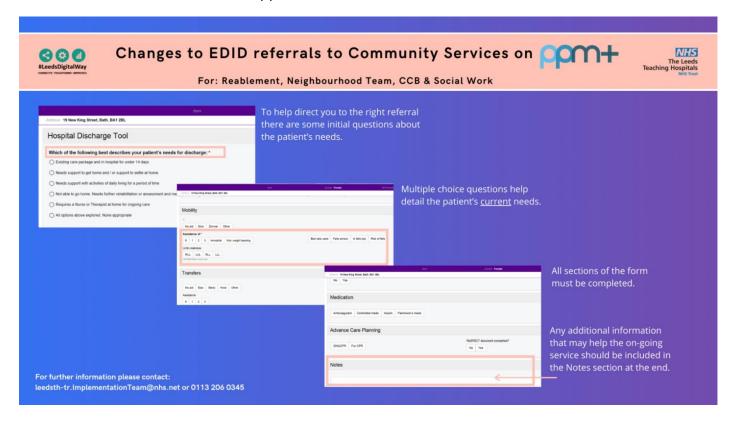

Please note that the Ward Round Plan also creates a *Clinical Note*.

eDID Improvements

Applies to: All Users

There have been some changes to the EDID process of referring patients to Community Services. These improvements will make the process more streamlined and help direct the clinician to refer to the correct team. You will still access these referrals in the same way as before, by using the EDID column on the ward view of ppm+.
