Community Intermediate Care Bed Medical Progress Note

Applies to: All Users

We have introduced a new *Community Intermediate Care Bed Medical Progress Note* form so users can document and write on PPM+ activity in the CIC beds record so that information is accurately captured and needless admission can be avoided.

Remember, you can add clinical documents to a patient's record through the  button in the Single Patient View or the  in the *Action* column on the Ward Patient List.

For further information and support, please see the PPM+ Help Site:
