

# DASH Checklist

## Important information:

- 1** The DASH checklist is now available in PPM+. This is an evidence based checklist that provides a framework for discussions around Domestic Abuse, Stalking and Honour based violence.
- 2** If you find yourself needing to have a difficult conversation, the DASH checklist provides a standard structure for asking questions and assessing risk of harm to the individual.
- 3** There are two versions of the checklist (DASH Risk Assessment - Young Person's and DASH Risk Assessment - Adults).
- 4** Anyone can complete a DASH checklist. There is a link to the guidance within the checklist and within this poster.
- 5** We recommend you take a moment to review the guidance, so you are aware of what to do, should you find yourself needing to use the checklist.

For guidance on the DASH checklist, please [Click Here](#) for Adults and [Click Here](#) for Young Person's
