

Community Tab Frequently Asked Questions

The *Community* tab will be displayed if your patient currently has an open referral to [Leeds Community Healthcare \(LCH\)](#). This FAQ aims to explain in simple language what each piece of patient data means to assist Health and Social Care professionals dealing with the patient.

Explanation of Data Items	
Referral	A request for a care service to be provided to a patient by an LCH service.
Care Plan	A plan of treatment or health care to be provided to a patient by an LCH service.

Explanation of Data Items Deliverable in January 2017	
Contact	A contact made with a patient for the delivery of healthcare. A contact may be “face to face” i.e. person to person or “non-face to face” e.g. by telephone.
Medications	The medication or drugs prescribed during the course of treatment provided by an LCH clinician.
Allergies	Allergies as registered by LCH clinicians.
Observations	Clinical presentation as recorded by an LCH clinician following assessment and treatment which may include visual presentations and limitations, measurements and patient behaviour.
Immunisations	The provision of an adequate level of immunisation to an individual against a specific disease as recorded on the Community Information System.

If the patient has been referred to a specialist service, such as Cardiac Rehabilitation, Diabetes, Respiratory etc. the relevant contact details can be identified by visiting this page: http://www.leedscommunityhealthcare.nhs.uk/our_services_az/
