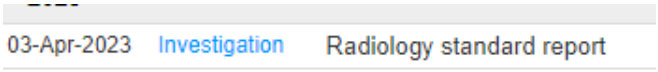
# Presenting prospective Radiology tests within ppm+

NHS
The Leeds Teaching Hospitals
NHS Trust

**There has been an update to how Radiology tests are presented within PPM+. This will assist clinicians and cancer tracking team in particular to know which radiological tests have been booked or cancelled.**

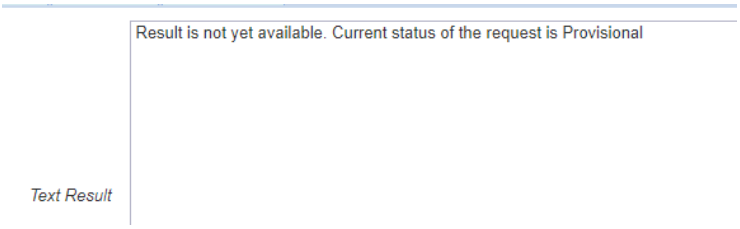
**When there is a Radiology order, it will display in the Summary section the Patient's Single Patient View as follows, depending on the status (the status of investigation will update as and when action is taken).**



If the investigation is **Booked** and for a **future date** it will be in **Black Text**.

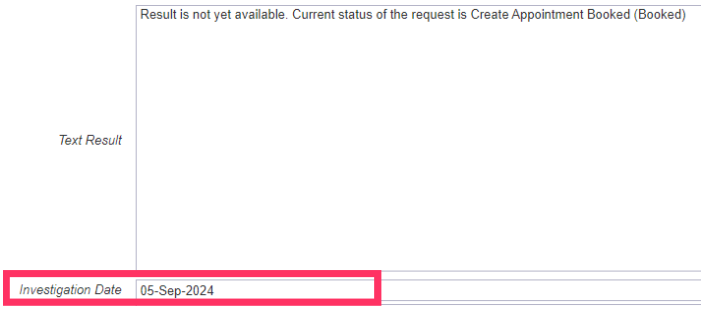
Also, it will also be in **Black Text** if the **investigation** has been **delivered** and the report is **now available** or if the **investigation** has been **delivered. Please be aware addendum may be made to reports later.**

If you click on the **investigation** in the **Patient's Single Patient View**, it will provide you with more information regarding the **investigation**.



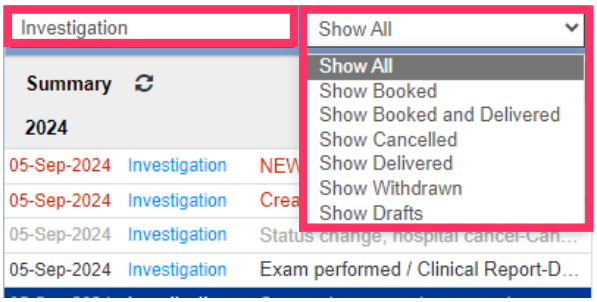
If an investigation is in **Red**, it means the **investigation** is **Booked** but the **investigation date** is **historical**. The Patient potentially **Did Not Attend** their appointment.

If you click on the **investigation**, it will provide you with more detail but also give the date the **investigation** was booked for.



## Using filtering within the Summary section in the Patient's Single Patient View to view status' of investigations:

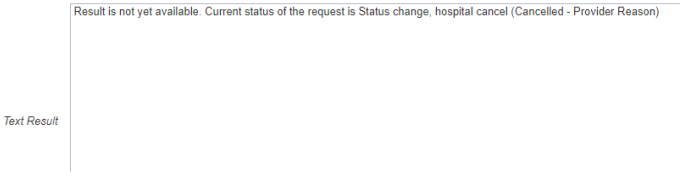
Within the Summary section, type in the **Filter Event**s box **Investigation** and then on the **filter drop box** and select which **status** you want to be shown in the **Summary section**.



For example, if you select, **Show Cancelled**, all **cancelled investigations** will be shown in the Summary section.

**Please be aware all Cancelled investigations will be clearly greyed out**.

If you click on a **cancelled investigation**, it could provide you with more detail regarding why the **investigation** was **cancelled**.



**It is highly advised to use the filter mechanism within the Summary View to find out the status, potential report and findings for an investigation you are interested in.**

**Please see the table below to find out what to select in the filter drop box to see investigation(s) with the status you want to see:**

| Status | What you need to select in the drop box filter |
|---|---|
| Booked | Show All<br>Show Booked<br>Show Booked and Delivered |
| Delivered | Show All<br>Show Booked and Delivered<br>Show Delivered |
| Canceled | Show All<br>Show Canceled |
