How to find Problem/Diagnosis code on SNOMED

If Condition/Diagnosis DOES NOT exist on PPM+ you can look up the SNOMED Code at - https://termbrowser.nhs.uk and follow the guide below

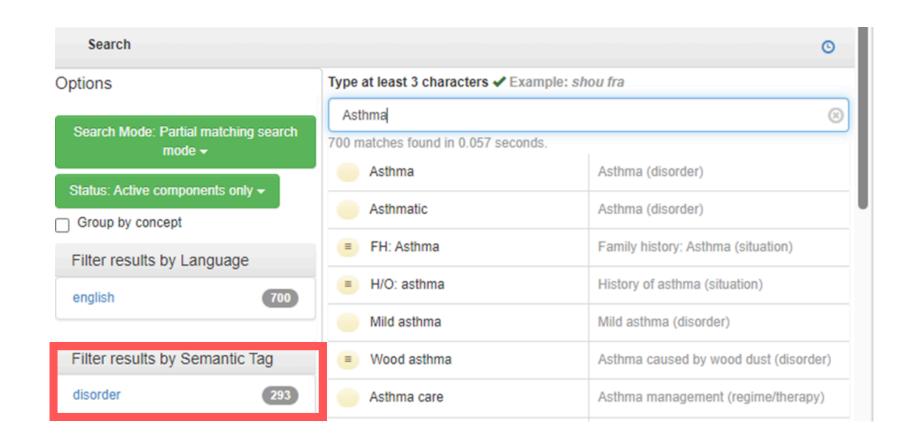

Once you select the above link and are on The NHS Digital SNOMED CT Browser, you will need to select 'Go Browsing... United Kingdom Addition'.

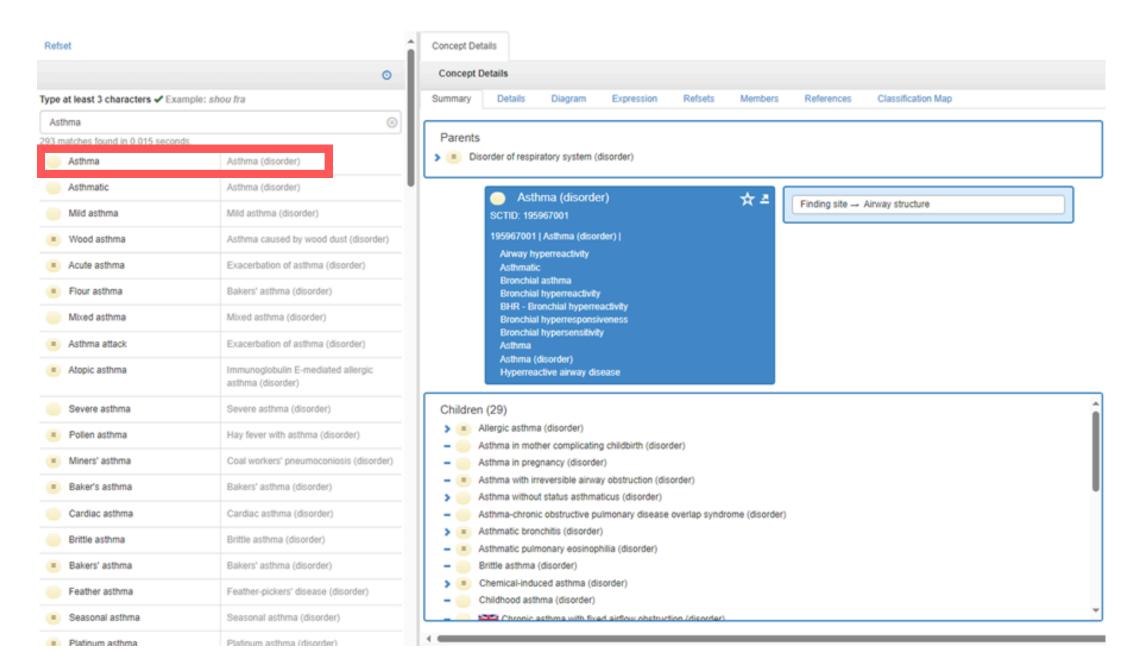

You will then need to click on the 'Search' tab and in the 'Search Box' enter the Problem/Diagnosis you are looking for.

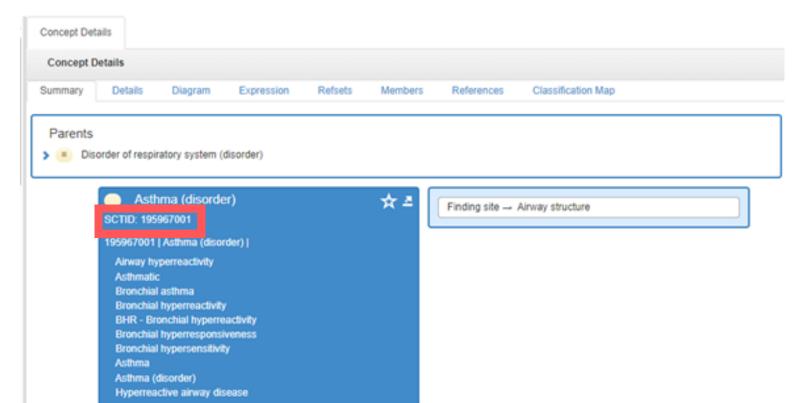

Once you have searched for the Problem/Diagnosis, on the left hand side under 'Filter results by Semantic Tag' click 'Disorder'.

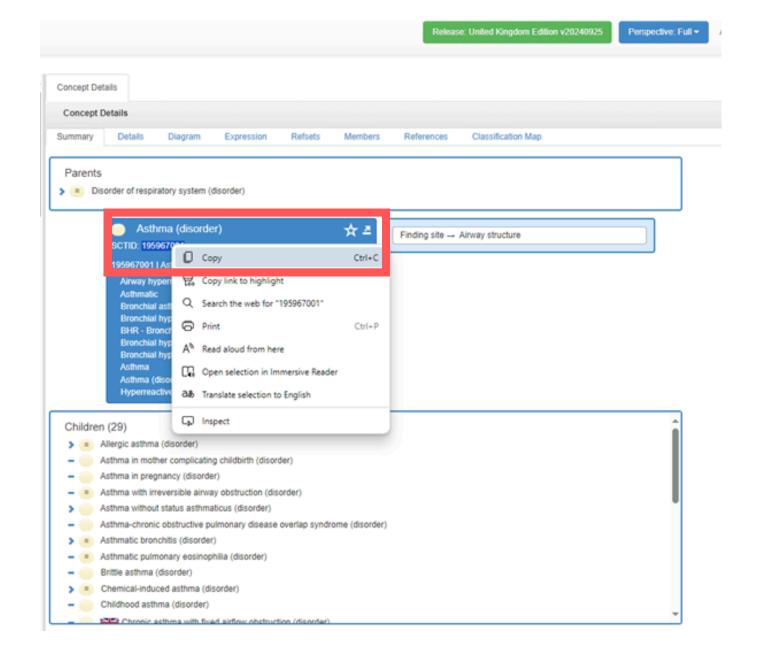

You will then need to select the relevant **'Disorder'.** In this example I have selected 'Asthma'.

You will now be able to see the **SNOMED** code.

Highlight and right click on the **SNOMED** code. You will now be able to copy the **SNOMED** code.

Please email the SNOMED code and include any context to the Implementation email address: leedsth-tr.ImplementationTeam@nhs.net

Useful contacts

Implementation Team

Please contact the Implementation Team for Digital support & training on PPM+ functionalities.

Ext: 60599

leedsth-tr.lmplementationTeam@nhs.net
